## Mayor Makes Urgent Plea To Support Blood Program

Dr. S. R. Lawson issued the following proclamation after conferring with the area representative of the American Red Cross Blood Program and the county chairman of our blood program this week.

WHEREAS: Through the Red Cross Blood Program, Appomattox County citizens are provided blood, no matter where they are hospitalized within the continental United States.

WHEREAS: There is no charge for blood through the Red Cross Blood Program to persons receiving this blood. (There is a hospital administration fee to defray the actual hospital administration cost.)

WHEREAS: Appomattox County has donated far less blood than our citizens have used, and Appomattox county will lose its blood program if its residents do not donate 95 per cent of its quota of 366 pints for the fiscal year beginning July 1st, 1963.

WHEREAS: The use of blood during the four - day 4th holiday week end will double, and the supply of needed blood depleted.

WHEREAS: Donating blood is in keeping with the Christian principal, "I am my brother's keeper."

WHEREAS: Those who read or hear this notice could very possible need blood within their lifetime.

Let it be Known that I, Dr. S. R. Lawson, mayor of the Town of Appomattox, do proclaim Monday, July 1st as Red Cross Blood Donor Day and do earnestly encourage each person in Appomattox county to visit and donate blood to the Red Cross Bloodmobile at Liberty Baptist Church with the expressed purpose of helping save lives and preserving this vital life saving program for our county and community. I also urge every president of our civic clubs, every minister of our county, and all industry and business places in our county to encourage your members and employees to support this program wholeheartedly.

## Variety Show

A Variety Show will be presented at Oakville School Saturday, June 29th at 8 o'clock p.m. Food will be served at 6 p.m.

## 88 Pint Quota Set For July 1 Bloodmobile

The Red Cross Bloodmobile will be at Liberty Baptist Church on Monday, July 1, from 11:30 a.m. to 5:30 p.m.

Dr. A. A. Fratrick, local Blood Program chairman has indicated concern over this visit of the Bloodmobile, Appomattox county has a quota of 271 pints of blood for this fiscal year which begins July 1. He said that "We must get a minimum of 88 pints of blood at each of our three visits, or be dropped from the program."

Dr. Fratrick explained that this would mean that county residents would no longer receive blood at no cost for the blood itself. At present county residents pay only the administration charge made by the hospital. Costs of a pint of blood would run about $50 a pint, he said, and patients would not be using Red Cross blood.

In areas not covered by a Red Cross Blood Program, patients are required to replace blood on a two pint for one ratio. The person using blood must still pay for administration costs.

Dr. Fratrick said that he is confident county residents would not want to drive to Richmond or Farmville to replace blood.

**Worth $13,000**

Red Cross officials have placed the commercial value of this program in Appomattox county in excess of $13,000. The program is financed by the local Red Cross Fund campaign.

Eighty - seven donors gave blood during the last Bloodmobile visit in March.

**Street Lights**

The Street committee was asked to check on street lights on High Street. Town Manager Hunter reported that each new mercury vapor light replacement for the present street lights adds about $36 a year to the town's electricity bill. He estimates that it will cost $5,000 a year to pay electricity costs when all the present lights have been replaced with the brighter mercury vapor lights. Action was deferred on a request for a new light at Liberty Baptist Church, pending plans to improve the intersection of Lee - Grant and Church streets.

**Building Permits**

A building permit was granted to Julian Hamlet, Patricia Ann Lane, plus sewer connection for a new home. A sewage permit was granted to the T. R. Kestner's on Maple Street.
